WHATSOEVER THINGS ARE TRUE

The University of Alberta, its buildings, labs, and research stations are primarily located on the traditional territory of Cree, Blackfoot, Métis, Nakota Sioux, Iroquois, Dene, and Ojibway/Saulteaux/Anishinaabe nations; lands that are now known as part of Treaties 6, 7, and 8 and homeland of the Métis. The University of Alberta respects the sovereignty, lands, histories, languages, knowledge systems, and cultures of First Nations, Métis and Inuit nations.

## ON THE FRONT COVER

### THE UNIVERSITY COAT OF ARMS

In June 1994, His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of Canada, presented the University of Alberta with its Coat of Arms. The full Coat of Arms is displayed at ceremonial occasions such as Convocation, and is used by the Chancellor, the titular head of the University.

On the shield is a representation of the topography of Alberta rendered in the colours of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

On the crest is a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and an accepted symbol of knowledge. The pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University, support the shield. Both wear collars of the University colours, as does the owl. At the base of the Coat of Arms is a grassy mound with wild roses, the floral emblem of Alberta with the University's motto: Quaecumque Vera (Whatsoever things are true).

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information presented is current as of the program printing deadline.

# GREETINGS TO THE GRADUATES

Congratulations Class of 2023. You did it! Your years of hard work, the ups and downs, the dreaded deadlines for assignments and projects, the new friends you've made, the problems you've tackled, the professors who inspired you, and the changes you've made in your life, your ideas and your plans for the future ... all of this is culminating in the completion of your degrees.

I hope your years at the U of A have inspired you with lessons that go well beyond the courses you took. The ability to adapt and persevere in spite of stressful times. The importance of connections with people we love. The need for kindness, empathy and respect to bridge increasingly polarized views. The power of hope in our combined ability to address some of the world's most challenging problems. And now more than ever, in the midst of a constant barrage of misinformation, the need to steadfastly pursue the university's motto: whatsoever things are true. These are lasting lessons I hope you will remember in the next chapter of your lives.

I know all of us at the university are incredibly proud of you, our newest graduates. You bring us hope for the future and you inspire us with your energy, enthusiasm, skills and ideas. Whatever path you choose, strive to make a positive difference in the world. The University of Alberta will be here, cheering you on from the sidelines, as each of you pursues your next hopes and dreams.

**PEGGY GARRITTY**  
Chancellor

Congratulations to the class of 2023. After years of hard work and determination, today marks an important milestone in your life's journey. As you look back on this formative time in your life, I hope you do so with pride at all that you've accomplished, including the hurdles you've overcome and the successes you've achieved.

As one portion of your journey comes to an end, another begins. With today's convocation, we welcome you into a large community of more than 300,000 U of A alumni worldwide. Like them, you hold the power to make the world a better place. The possibilities are endless – some of you may start new businesses or explore the world of creative arts, while others seek new research opportunities or lead social, cultural and economic change in Alberta or around the world. Wherever your journey takes you, each of you will play a role in shaping the world around you.

115 years ago, the University of Alberta was founded on the promise of "uplifting the whole people." As you go forward in life's journey, I know you will draw on the knowledge and skills you developed during your time at the U of A to pursue that noble promise and to continue to make yourself – and your alma mater – proud.

**BILL FLANAGAN**  
President and Vice-Chancellor

On behalf of the Government of Alberta, congratulations to the University of Alberta Class of 2023.

Today, because of your hard work and perseverance, you become part of an incredible legacy and promise. Alberta's post-secondary institutions are one of the reasons we have such a capable and innovative young workforce. Many of you will remain here to put what you've learned to work and help us move Alberta forward. Others will take your new skills and knowledge with you to build a bright future elsewhere. Either way, you are now part of the University of Alberta's legacy of education and research excellence that is changing the world. You have dedicated years of effort to the achievement you will celebrate today, and I know you're not done yet. That's where the promise comes in.

I've said that Alberta is a place of incredible opportunity, and anyone who is willing to put the work in can thrive here. There is so much in store for graduates like you, and I have no doubt you will make the most of opportunity wherever you find it. You've already demonstrated that you have what it takes to succeed and make a difference. I wish each of you the very best as you pursue your dreams.

Congratulations again,

**HONOURABLE DANIELLE SMITH**  
Premier of Alberta

# OUR TRADITIONS

## THE UNIVERSITY CEREMONIAL CHAIRS

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded-leather back and seat. Above the padded-leather back is carved the University motto *Quaecumque Vera* together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In 2006, a fourth chair was donated in memory and honour of Lois Elsa Hole, beloved Chancellor (1998 – 2000) and Lieutenant Governor (2000 – 2005), by Earl Evaniew, Sandra Kereliuk, and their daughter Jennifer. This chair becomes part of the seating arrangements on stage when the Lieutenant Governor or other high profile dignitaries attend the Convocation ceremonies.

## THE UNIVERSITY MACE

The University of Alberta Mace was designed and crafted specifically for the University as a gift

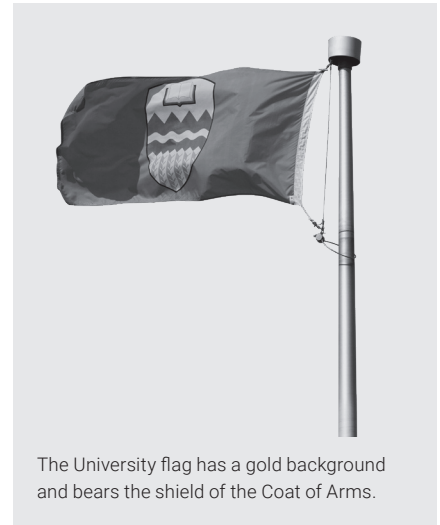

from Dr. Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 to 1970. It was presented by his son, Michael Galbraith, on behalf of his father on May 26, 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto encircles the staff.

The ceremonial stand for the Mace was donated in 1987 as a memorial gift by family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors, from 1950 to 1966.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power — but the power of knowledge and the importance of the University in the community.

## THE UNIVERSITY FLAG

The University flag has a gold background and bears the shield of the Coat of Arms.

## THE CHEER SONG

*Ring out a cheer for our Alberta*

*A song of praise to Varsity.*

*For the splendour of our mountains*

*Our prairies green and gold.*

*Ranked beneath whose  
glowing colours,*

*Thy legions march enrolled.*

*Our memories will live forever*

*Beloved University.*

*We will fight for thee and cheer*

*And ever hold thine honour dear.*

*Our Alma Mater U of A.*

*Green and gold! Quaecumque Vera!*

*Guide us through each coming era,*

*Guide us on through battle gory*

*To a new and greater glory.*

## DR. STANLEY READ

**Doctor of Science**

*Presented by Dr. Brenda Hemmelgarn, Vice-Provost and College Dean, Health Sciences/Dean, Faculty of Medicine & Dentistry*

Stanley Read ('65 MD) was raised in the village of Bashaw, Alberta. After high school, he went to the University of Alberta and graduated from Medical School in 1965. Following his internship, he completed a PhD in Microbiology and Immunology at McGill ('70) and pursued postdoctoral training at the Rockefeller University in New York studying the streptococcus and the pathogenesis of Rheumatic Fever. This research took him to Trinidad and other countries in the Caribbean, the introduction to many years of health promotion in countries in the region.

Read left a staff position at Cornell University in New York to join the Hospital for Sick Children in Toronto in 1980 where he later became Chief of Infectious Diseases. He also worked in STI clinics in New York and Toronto and noted unusual infections, mainly in gay men, later found to be due to HIV/AIDS. Read and his colleagues designed and carried out the first study of the natural history of HIV infection.

In 1987, Read saw his first AIDS case in a child. His compassion for these children changed the course of his career, his research and his life's mission. One of the early Pediatric HIV specialists,

Read's focus was on the prevention of transmission of the virus from mother to child. He established the HIV/AIDS Family Centered Care Program at Sick Kids in 1988.

He was also an active volunteer in the wider AIDS community, treating adult patients at a Toronto clinic, helping set up Casey House, the first palliative care facility in Canada, and Chair of the Scientific Advisory Committee of the Canadian Foundation for AIDS Research.

Read promoted the development of HIV/AIDS Programs in Canada, Russia, Ukraine and the Caribbean. In the Bahamas, where for many years he was Consultant in Child Health to the Ministry of Health, Read's work helped reduce HIV transmission from mothers to babies from 30 per cent to near zero within five years. A global health leader, Read is helping an AIDS-free generation become a reality throughout the world.

*Honour with Purpose - Nominate someone you believe deserves the University of Alberta's highest honour. Find more information at [www.ualberta.ca/chancellor-and-senate/honorary-degrees/nominations](http://www.ualberta.ca/chancellor-and-senate/honorary-degrees/nominations).*

**The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Stanley Read:**

Louis Fischer. Diseases of Infancy and Childhood: Their Dietetic, Hygienic, and Medical Treatment. Philadelphia: F. A. Davis, 1907.

This is a first edition copy of an authoritative early work on medical care for children by American pediatrician Louis Fischer (1864–1944), one that was so extraordinarily popular that the title was reissued eleven times between 1907 and 1928. Dedicated to German pediatrician Adolph Baginsky (1843–1913), this weighty tome (of 979 pages) features more than 300 half-tone and full-colour illustrations, and is bound in the original maroon blind- and gilt-stamped cloth. Divided into twelve sections, the text explores a wide range of pediatric topics from newborns to nutrition and from respiratory disease to abnormal growth. Since early medical texts were actively used, sometimes by successive owners, they rarely survive in such good condition. This title will be an excellent addition to the growing collection of medical texts housed in Bruce Peel Special Collections.

# CONGRATULATIONS GRADUATES

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

## HONOURABLE SHEILA J. GRECKOL

**Doctor of Laws**

*Presented by Professor Barbara Billingsley, Dean, Faculty of Law and Dr. Douglas Stollery, Chancellor Emeritus*

**Convocation Speaker: November 22, 3:00 pm**

Sheila Greckol graduated from the University of Alberta with a BA/LLB in 1975, followed by articles with the Court of Appeal of Alberta. For 25 years, she practiced labour and human rights law with a firm that became Chivers Greckol and Kanee. Appointed to the Court of Queen's Bench in 2001 and the Court of Appeal in 2016, she served as a justice until retirement in 2022. Highlights of Sheila's legal career include advocating for 2SLGBTQ equality in the Vriend case, for abortion rights and the Morgenthaler clinic to help secure safe access to abortion, for paid maternity leave and for trade unions' constitutional right to strike.

As a trial judge, Sheila presided over criminal and civil matters, and was appointed to hear applications brought for medically assisted death in northern Alberta pending changes to the law. She was appointed a deputy Judge in Nunavut, where she volunteered as a trial judge in small communities across the eastern arctic. In 2012, on sabbatical at the University of Alberta, she wrote on restorative justice in sentencing Indigenous offenders and the need for Indigenous courts on First Nations.

As a member of the Alberta Court of Appeal, Sheila had the opportunity to consider current legal issues with broad impact on the community including justice in sentencing for Indigenous offenders, the constitutionality of federal environmental legislation and justice for women faced with intimate partner violence.

Throughout her career, Sheila has been involved in continuing education, including at the University of Alberta Law School, and with the National Judicial Institute in its work training judges in Canada as well as internationally, in Ukraine, Chile, Peru, Jamaica, and Korea. She has received awards for her work nationally, provincially and in Edmonton, including the University of Alberta Distinguished Alumnae Award in 2018.

Currently, Sheila volunteers with Alberta Immigrant Women and Children's Center, an organization helping newcomers with a particular focus on the needs of women and children. She and her husband, Bruce Hagstrom, enjoy Edmonton's rich cultural scene, a close-knit community of family and friends, and travel to far-away places.

*Honour with Purpose - Nominate someone you believe deserves the University of Alberta's highest honour. Find more information at [www.ualberta.ca/chancellor-and-senate/honorary-degrees/nominations](http://www.ualberta.ca/chancellor-and-senate/honorary-degrees/nominations).*

**The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Honourable Sheila J. Greckol.**

Eleanor Roosevelt. *On My Own*. New York: Harper & Brothers Publishers, 1958.

This first edition copy of Eleanor Roosevelt's (1884–1962) memoir covers her life after the death of her husband, Franklin D. Roosevelt (1882–1945), opening with a scene of the author riding down "in the old cagelike White House elevator that April morning of 1945 with a feeling of melancholy" (1) and concluding on the final page with some thoughts on leadership: "What the world wants today is leadership in the true sense, and we had better decide what we want to achieve and then go ahead and do it—do it as leaders and not as imitators" (234). Roosevelt wrote two memoirs that preceded this one, *This Is My Story* (1937) and *This I Remember* (1949), and in 1961 all three books were published together by Harper & Brothers in *The Autobiography of Eleanor Roosevelt*. The author portrays her work as the first Chairperson of the United Nations' Human Rights Commission in chapter eight of *On My Own*, describing it as "my most important task" (71). This copy is warmly inscribed by Roosevelt in black ink on the half title page, below the printed title, to an earlier owner of the book. The dust jacket features a colour photograph of Roosevelt by master of portrait photography, Yousuf Karsh (1908-2002).

# CONGRATULATIONS GRADUATES

WEDNESDAY, NOVEMBER 22, 10:00 A.M.

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

# WELCOME TO THE ALUMNI COMMUNITY

Congratulations on your graduation. Your walk across the stage completes your journey as a University of Alberta student. Your alumni journey starts today.

As a U of A grad, you join a worldwide community of more than 300,000 people. For more than a century, alumni have inherited the spirit of our founders, who imagined the U of A as an open laboratory of ideas and action: a place that gives us the courage to try anything. To arrive as one person and to leave as someone else. To learn, to try, to seek truth and to solve problems with quiet confidence. To become change makers and world shapers. To always be looking forward, and to never be satisfied with the "now." That spirit of building solutions together, for the greater good, lives on in our alumni.

The community you join today will support your ongoing success, as it has done for generations, and continue to guide your path of leading with purpose.

Globally, U of A alumni have founded more than 700,000 organizations. A third of those have social justice, environmental, and cultural missions. Alumni-created organizations employ more than 1.5 million people - the equivalent of one in every five Albertans.

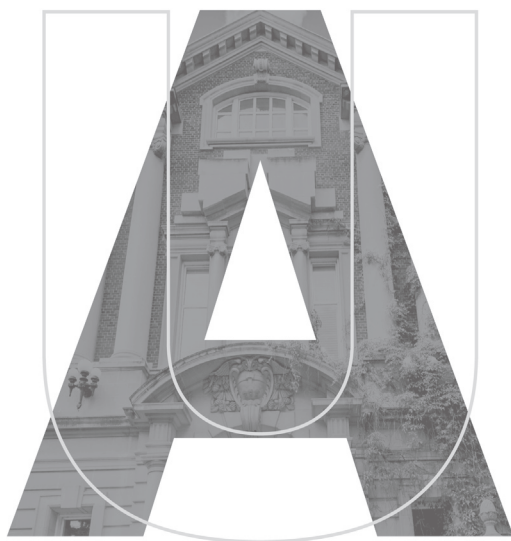

Your role in this community starts by staying connected with other alumni and with the university throughout your lifetime. Together, we can uphold the promise to lead with purpose.

- Access exclusive career services including career mentorship, career-focused events, and Switchboard, an online networking tool where you can expand your job search or crowdsource advice from your alumni community. Learn more at [uab.ca/alumnicareer](http://uab.ca/alumnicareer).
- Take advantage of alumni perks such as U of A Library access and ticket discounts. Get more information at [ualberta.ca/alumni](http://ualberta.ca/alumni). Keep an eye on your inbox for the *Alumni Insider* monthly newsletter to get the inside scoop on alumni-exclusive perks, programs, activities, and events.
- Follow us on Twitter, Instagram, Facebook, and LinkedIn @UAlbertaAlumni.
- Read about campus news and alumni achievements in *New Trail*, the U of A's thought-provoking and award-winning alumni publication, arriving to your inbox 10 times a year. You can also subscribe to the print edition of *New Trail* at [uab.ca/NTSub](http://uab.ca/NTSub).
- Keep your CCID active and retain your UAlberta email for life. Stay in touch by updating your contact information if you move at [ualberta.ca/alumni](http://ualberta.ca/alumni).
