RE: Update to HREB Letterhead in ARISE System

The Research Ethics Office, which manages the operations of the University of Alberta Research Ethics Board, including the Health Research Ethics Board – Health Panel and Health Research Ethics Board – Biomedical Panel, moved offices in August 2020.

Our new address is:

Research Ethics Office
2-01 North Power Plant (NPP)
11312 – 89 Avenue
Edmonton, AB, Canada T6G 2N2

Due to a production freeze in the ARISE online ethics system, the letterhead of the approval letters for the Health Research Ethics Boards cannot be updated with this new address. This letter will serve as a supplement to reflect the current address of the REBs effective September 1, 2020.

Sincerely,

Susan Babcock, Director
Research Ethics Office
University of Alberta
